

Lecture Notes on Software Engineering

CONTENTS

Volume 4, Number 2, May 2016

• Software Development and Application

Medical 3D Integral Images Visualization in True Space.....87
Mahmoud. G. Eljadid and Amar Aggoun

Using Synergies between User Stories in Scrum.....91
F. Sobiech, B. Eilermann, and A. Rausch

Accessible Video-Call Application on Android for the Blind.....95
Nutnicha Maneesaeng, Proadpran Punyabukkana, and Atiwong Suchato

The New Approach on Fuzzy Decision Forest.....99
Jooyeol Yun, Jun Won Seo, and Taeseon Yoon

Development of Microcontroller-Based Biometric Locker System with Short Message Service.....103
Crystallynne D. Cortez, Jaswinder S. Badwal, Jocelyn R. Hipolito, Ditche Jane C. Astillero, Melvie S. Dela Cruz, and Jaira C. Inalao

• Software Testing and Analysis

Applying Variant Variable Regularized Logistic Regression for Modeling Software Defect Predictor.....107
Gabriel Kofi Armah, Guanchun Luo, Ke Qin, and Angolo Shem Mbandu

A Region-Sensitive Fuzzing Test Based on Multi-Objective Programming.....116
Yongji Ouyang, Shuai Zeng, Yan Cao, and Qingxian Wang

Hardware/Software Verification Process through Cloud Computing.....123
Ousama Esbel and Ng Ah Ngan Mike Christian

Summarizing Services of Java Packages.....129
Maen Hammad, Anas Abuljadayel, and Mohammad Khalaf

Investigating the Relationship between Nokia Test Scores and Quality and Productivity Indicators on Scrum-CMMI Environments.....133
Steffane Ramires, C éio Santana, Fabiola Queiroz, and Amanda Nunes

• Software Architecture and Security

Developing Secure Systems: A Comparative Study of Existing Methodologies.....139
Bandar M. Alshammari, Colin J. Fidge, and Diane Corney

Towards a Dynamic Model for Requirements Handling in Software Architecture Configuration Management
.....147
Razie Alidoosti, Shahrouz Moaven, Jafar Habibi, and Mohammad Mehdi Khalili

An Architecture for Source Code Protection.....153
Noor Yasin, Abdul Ghafoor Abbasi, and Muhammad Shoaib

The Most Important Functional and Non-Functional Requirements of Knowledge Sharing System at Public Academic Institutions: A Case Study157
Saad Alsaleh and Haryani Haron
